Forecast for Monday 01 Feb 2021

Weather: A very cold day with many staying dry by day, and seeing plenty of weak winter sunshine. However a few isolated light snow showers will appear, mainly across northern peaks and during the morning. Cloud thickening in the south from late afternoon, bringing occasional light snow south of the A9 during the evening.

Chance of cloud free mountain/hill tops above 800m: By day 90% in north 95% plus in south.

Visibility: Very good or excellent, becoming poor or very poor in snow showers and cloud, chiefly in the north and during the morning with bases lowering 500-700 metres, also in the south during the evening.
